RE: Erroneous 10-K Filing
Accession Number: 0001079974-11-000267
CIK 0001271046

Dear Gayle,

On March 31, 2011, due to a software malfunction, another companies 10-K was submitted with the codes for Energy Holdings International, Inc. After finding out the problem, I contacted my software provider and was told there was a glitch in the program that only troubled a very few clients. They sent me a patch to fix the problem from happening again. This happened due to technical problems out of my control.

I immediately contacted the SEC to ask how to get the filing deleted from your records. I was instructed that the Company or counsel should submit a request in writing via email describing the problem and request that the filing be deleted. The letter is to be submitted to the Division of Corporate Finance and the email address to submit this to is: cfitedgar@sec.gov.

This has never happened to me in the 12 years I have been doing Edgar work.

Please contact me if you questions or comments.

Sincerely,

/s/ Sonja Gouak
